

Had Enough of Toxic Fumes? Just say NO!

to Pacific Steel Casting's Pollution!

- Pacific Steel Casting is major Bay Area polluter
- 94710 has highest asthma rate in California!
- Pacific Steel Casting emits known carcinogens

We Deserve Better!

Join our action to MAKE Pacific Steel Casting
STOP polluting our Air!

cleanaircoalition.net is a grassroots organization formed by people who live in the community who are sick and tired of breathing the toxic fumes from Pacific Steel Casting (PSC). We intend to hold PSC accountable for interfering with our rights to enjoy our lives and property.

Join us, and others from your neighborhood, to
stop PSC from continuing to pollute our air!

Come to an informational meeting:
Thursday, March 30th 2006, 7:00 PM
Willi Paul's House, 1400 Kains Street, Berkeley

Guest Speaker: Grace Neufeld,
Executive Director of Neighborhood Solutions
